

ENVIRON RANGE

DESKS & WORKSTATIONS

Interia

**Every table is unique due to
solid ash wood legs**

ENVIRON RANGE

It is a desking system comprised of different types of desks: work desks, bench desks, meeting tables, multipurpose tables, high tables and coffee tables for all your office needs.

Ideal for open plan offices where you can arrange different areas for individual or collaborative work, meetings, and leisure activities.

Every table is unique due to solid ash wood legs:

- Wood texture and wide growth rings create a distinctive pattern.
- Stained and lacquered wood reveals the pattern even more.
- Natural wood tends to change its colour over time.
