SOFT SEATING

Interia

NowyStyl

Tapa's informal look creates a friendly atmosphere and unleashes imagination and the courage to share it.

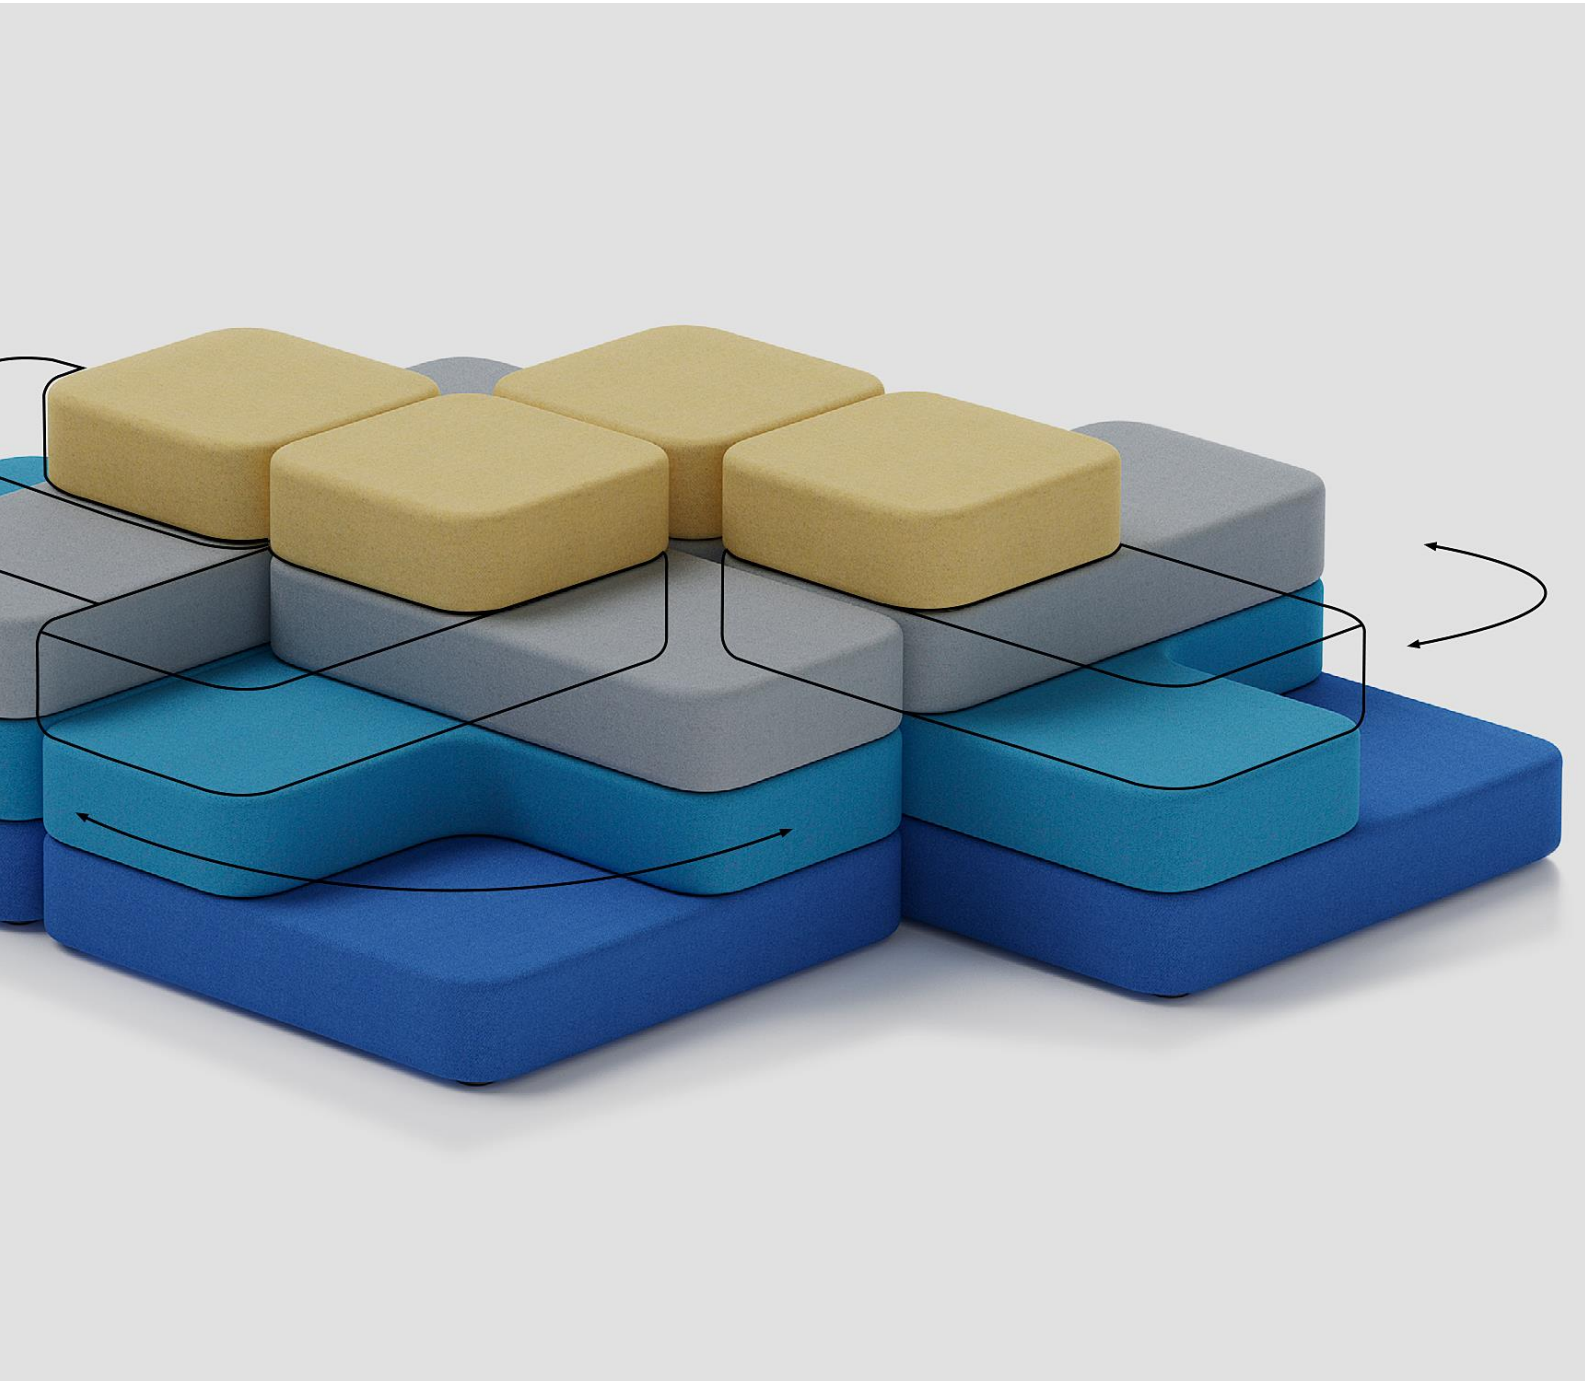

With the modular design of the poufs, you can change configurations and layouts, while the set can be used by several people

**Completely customizable!**

The modular design of the poufs allows you to change the configuration and layout.

You can have a few, or as many Tapa as you like, depending on your needs and the space you have.

With a rotational mechanism, the second and third levels of the poufs can move, so you can adjust the Tapa to your back, shoulders and arms.

This will give you a sense of pleasant comfort and detachment from the world around you.
