PRODUCT

DESCRIPTION

FLYT is a modern system of desks and workbenches designed for individual and teamwork.

The versatility opens the way to multiple arrangement options and types of interiors.

The FLYT fits perfectly into modern offices, designer studios and friendly home offices.

ACCESSORIES

Vertical and Horizontal Wire Trunking

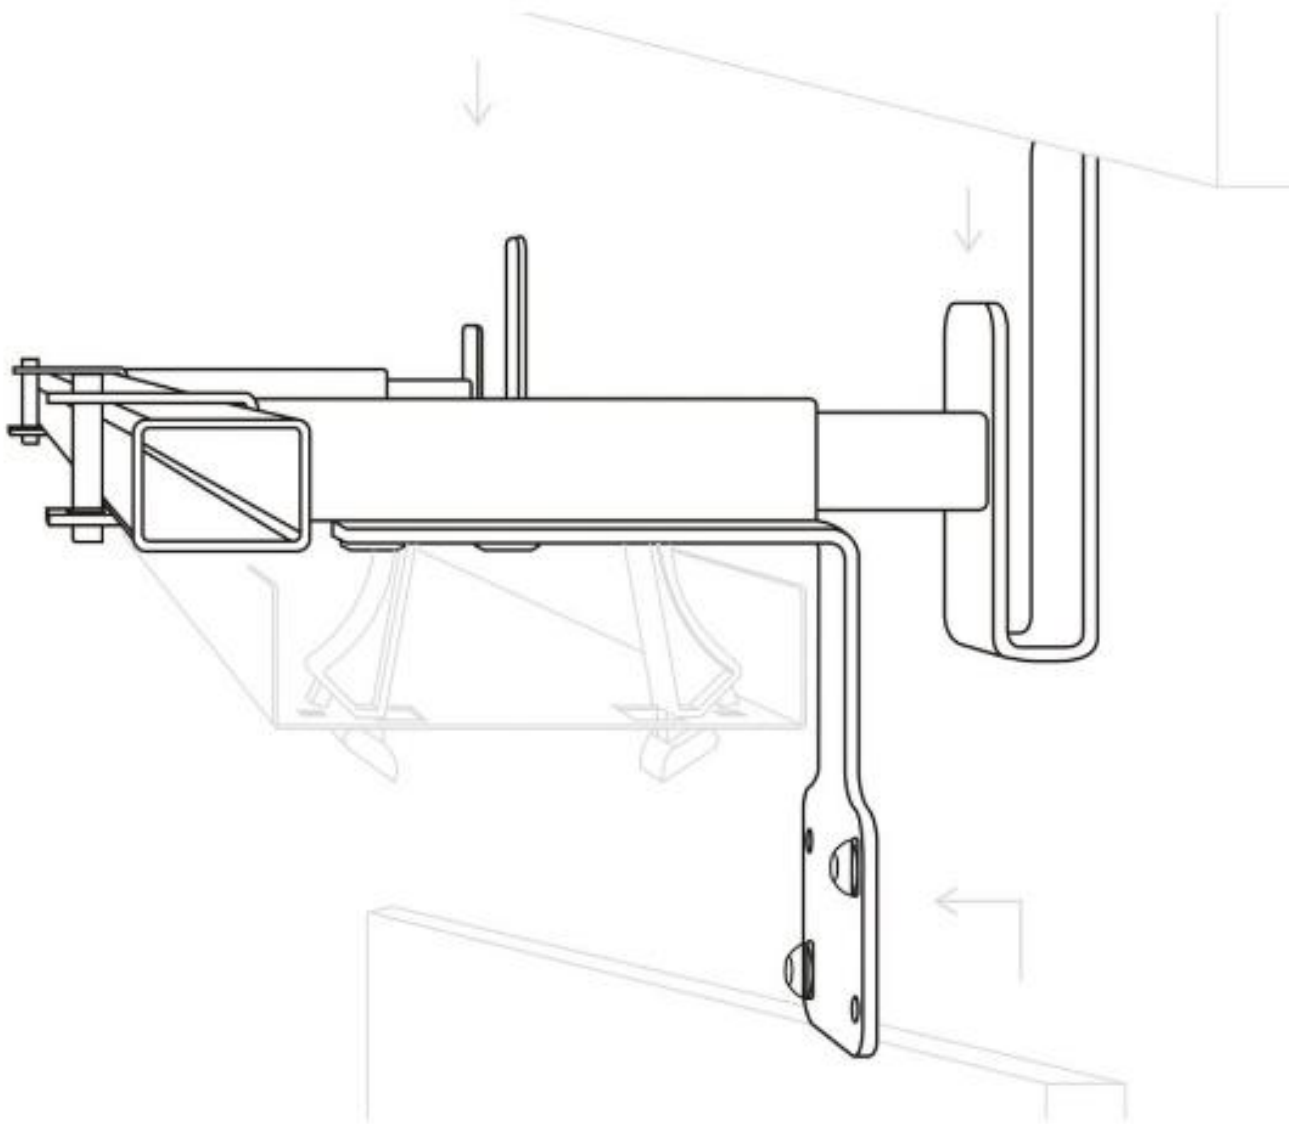

PANELS

The upper panel for desks comes in two versions: fully upholstered or made of thermoformed PET felt.

BASE BRACKETS

The mounting of panels and wire trunking has never been easier.

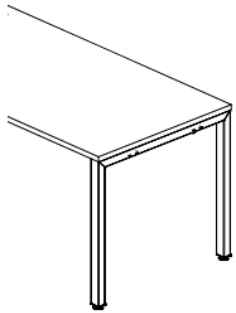

The basic bracket allows for simultaneous yet independent mounting of both panels and horizontal wire trunking.

With this smart connection method no drilling is necessary, so the surface of the table top stays untouched

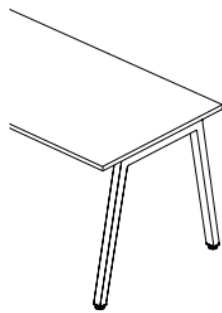

Each of the elements can be mounted separately.
