## DESCRIPTION:

SONY are lightweight, sound-absorbing wall and ceiling panels that improve office acoustics and serve as an inspiring and functional interior solution.

This is particularly important for open-plan offices where employees are exposed to background noise which disrupts their concentration.

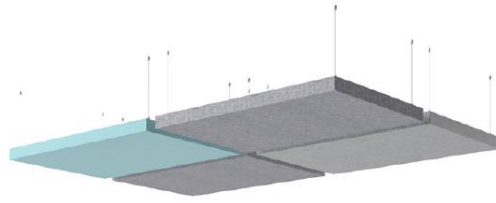

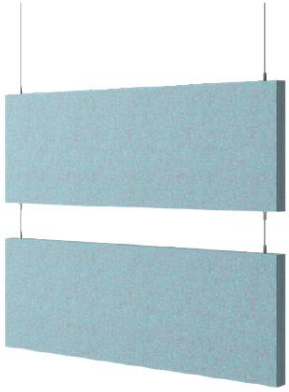

The acoustic panel system includes wall panels, ceiling (horizontal and vertical, double-sided) panels, and desk screens.

## FEATURES:

- Customisable
- Lightweight panels
- Acoustic foam A and C class sound absorber
- Wide range of fixing possibilities
  - Adhesive
  - Screw fittings
  - Wire rope fittings
- Wide choice of colours and upholstery materials
  - Upholstered using Velcro straps
