KUSCH+CO

Kusch+Co is a leading manufacturer of chairs, tables and configurable premium furniture systems.

An eye-catching design with a new level of comfort. An armchair as light as a stationary chair, with a seat shell that fits perfectly to the body to provide the comfort of sitting.

The seat shell, entirely made of anthracite thermoformed polyester felt, seduces with its organic design and the soft touch of its materiality.

This table is both an elegant and functional complement to the armchairs.
