

PALISADES FAMILY

SPACE ZONING / STORAGE

Interia

The Palisades Family is a modular zone dividing system that allows you to create flexible and functional spaces tailored to your unique needs.

Designed with versatility in mind, Palisades provides an easy way to divide large open-plan areas into smaller workspaces, meeting rooms or break-out areas, all while maintaining a modern and stylish aesthetic.

The system is easily customizable with a range of colors and finishes, making it perfect for any workspace or commercial setting.

Featuring modular panels that can be easily connected and reconfigured, allowing for seamless transitions between spaces. The panels also have a range of acoustic properties, providing varying levels of sound absorption for added privacy and comfort.
