Creating Work[ing] Spaces

Pica

Table / Acoustic Solutions

14 - 16 Week Lead Time

Pica

The PICA collection consists of not only meeting tables but also high tables and coffee tables. The wide selection of tables gives you plenty of creative options for setting up different functional spaces and maintaining a consistent style throughout the interior.

The key feature of the furniture in this collection is a sculptural cylindrical column, historically representing architectural strength. Modernly reimagined, it becomes the defining design element of the PICA table set. Covered in PET felt, its textured vertical lines enhance the nod to classical architecture.

Features

- Acoustic Column, High Table, Coffee Table and Meeting Room Tables
- Cylindrical Column covered in PET Felt
- Wide range of functional applications
- Sustainably designed
- Using minimum of 32% recycled materials
- Acoustic solution
- Acoustic Column filled with fabric off-cuts from the production are used as an acoustic filler

Product Range

Tables:

Coffee Table

High Table

Meeting Room Table

Acoustic Columns:

1600mm
Optional Hooks

1200mm
Space for Planter

800mm
with Power Socket

Optional

Acoustic Column:

Coat hanger hooks

- Hooks made of 1,5 mm metal sheet, 6 pcs
- Powder – coated metal
- Dimensions – 30x25x120 mm
- Recommended maximum weight per hook – 2 kg

Cut-out for flower pot on the top panel

- Interior covered with PET fiber board
- Cut-out diameter – 230 mm
- Cut-out depth – 170 mm

Power socket

- Power socket 100 – 230 V
- The hardwired power cord to GST18i3 800 mm

Tables:

Round Power Unit

- Power unit 100 – 240 V
- The hardwired power cord to GST18i3 1300 mm

Rectangular Metal Power Unit

- 16 mm MFC (melamine) or 17 mm MDF covered in HPL covers
- Grommet dimensions – 313x146x27 mm
- Spot welded metal frame made of 1 and 3 mm thick metal sheets
- Powder coated metal
- Two opening directions

Acoustic Column Planters

Acoustic Column Hooks

Acoustic Column Power

Round Power Units

Rectangular Metal Power

Sustainable Design

This range is made from recyclable materials using energy from renewable sources. The furniture is durable and its design is well thought out. The tables that are no longer in use can be easily disassembled and their parts can then be recycled.

Foam is commonly used in the manufacture of acoustic products, but this product has a more sustainable solution by using upholstery offcuts left over from manufacturing with excellent acoustic properties.

The acoustic columns are covered with PET felt, which looks like wool but is actually made of plastic and uses more than 50% recycled plastic. In total, PICA Acoustic Columns uses a minimum of 32% recycled materials (metal, PET felt, textile).

Specifications

Acoustic Column

Height: 800mm, 1200mm, and 1600 mm

Diameter: 380mm

Coffee Table:

Dimensions:

Height: 480mm

Diameter: 700mm

High Table:

Height: 1050mm

Diameter: 900mm

Meeting Table:

6 – 8 Seater:

Height: 757mm

Depth: 1200mm

Width: 2000mm, 2400mm and 2800mm

10 – 12 Seater:

Height: 757mm

Depth: 1200mm

Width: 3200mm and 4200mm
