# Care

A nursing chair designed for comfort and relaxation, made of wood for a homelike appeal, also ideally suited for short-term treatment or safe patient transport. Easy to operate both by the nursing staff and the patients, even by those with reduced mobility.

Geared towards the needs of the elderly at home, or for use in assisted living facilities, in nursing homes or in healthcare facilities. This armchair complies with all the mandatory technical, medical and hygienic safety standards.

## Features

- European product from Nowy Styl and Kusch + Co
- Design by Udo Feldotto
- Easy to operate
- Complies with all the mandatory technical, medical and hygienic safety standards
- Plastic glides or castors
- Continuous synchronized tilt and gas action of seat, back, arms and footrest with a minimum amount of effort
- The folding legrest also serves as footrest during transport of patients
- Gas action mechanism with adjustment handle on the right or the left. Continuously lockable in each position
- Optional Extras:
  - Plastic glides with felt
  - Seat / backrest cover removable, protective foil for seat and lower back area
  - Connecting piece with a protective cap (for IV stand and swivelling push-on trays)
