Product Overview

Kaeo combines the durability of commercial seating with the warmth and character of natural timber, offering a refined interpretation of the classic café chair.

Crafted from FSC-certified solid ash with an ash veneer plywood seat and backrest, its clean lines and balanced proportions suit a wide range of interior styles. Available in natural or black stain finishes, Kaeo can be specified with an optional upholstered seat pad in a choice of fabric or leather for added comfort and visual interest. Stackable up to four high and BIFMA certified, it is designed for everyday use in high-traffic environments.

Well suited to workplace kitchens, hospitality venues and collaborative breakout spaces.
